nの階乗

	n	n!	fact(n)	VBA
	1	1	1	
	2	2		
	3	6		
	4	24		
	5	120		
	6	720		
	7	5040		
	8	40320		
	9	362880		
	10	3628800		

Diagram illustrating the calculation of factorials using the fact(n) function and VBA. The diagram shows a sequence of values for n (1 to 10) and their corresponding factorial values (n!). Blue arrows indicate the flow of data from the input values to the calculated factorial values.
