

Select Data Source

Range Details

Chart data range:

The Chart Data Range is too complex to be displayed. If a new Data Range is selected, it will replace all of the series on the Series Panel.

Legend entries (Series):

成績

Name: =Data!\$C\$3

Y values: =Data!\$H\$4:\$H\$15

Switch Row/Column

Horizontal (Category) axis labels: =Data!\$G\$4:\$G\$15

Hidden and Empty Cells

Show empty cells as:

Gaps

Show #N/A as an empty cell

Show data in hidden rows and columns
